

What is MAHSE?

MAHSE is a partnership between the University of Manchester (UoM), Manchester Metropolitan University (ManMet) and the University of Salford (UoS), as well as leading Healthcare Scientists from partner Trusts.

The purpose of MAHSE is to:

- Co-ordinate development of healthcare science programmes
- Support trainees and their supervisors on Manchester programmes
- Co-ordinate development of CPD opportunities for Healthcare Scientists
- Facilitate effective communication amongst key stakeholders in order to share good practice and stimulate innovation

Programme Outline

The MSc Clinical Science (Neurosensory Sciences) programme is a 3-year part time Masters that provides all of the academic content required for the Neurosensory Sciences Scientist Training Programme (STP).

Block release

Each module is structured into blocks of teaching in order to be incorporated alongside the professional workplace training.

Timetable

The table opposite shows the content and timetable for each of the three pathways delivered by the University. Year 1 contains generic and introductory content undertaken by all pathways and has been scheduled to take place from **Monday 24 September until Friday 9 November 2018**.

Years 2 and 3 contain more specialist, pathway specific modules. Audiology is awarded by University of Manchester and Neurophysiology is awarded by Manchester Metropolitan University.

Year 1	Year 2	Year 3
All Pathways: Modules 7 weeks Sep - Nov <ul style="list-style-type: none"> Professional Practice Neurosensory Sciences Clinical Applications of Neurosensory Sciences 	Specialisms:	
	Audiology	
	Modules 2 weeks Nov 1 week Mar <ul style="list-style-type: none"> Adult Audiology Paediatric Audiology 	Modules 2 weeks in July (prior to Year 3) 1 week Oct <ul style="list-style-type: none"> Vestibular Assessment and Management
	Neurophysiology	
	Modules 1 week in Sept, Nov and April <ul style="list-style-type: none"> Nerve Conduction Studies, Electromyography and Evoked potentials 	Modules 2 weeks Oct 1 week Feb <ul style="list-style-type: none"> Sleep and long term monitoring Paediatric EEG EEG on the intensive care
	All Pathways: Research Methods (Year 2) Research Project (Years 2/3)	

Please note: Year 2 and Year 3 dates are draft and subject to change

Support

The programme is managed by Kai Uus, Programme Director. The Neurophysiology pathway lead is Llywd Orton. You will be allocated a personal advisor who provides pastoral care and mentoring. For programme specific enquiries please contact the Programme Administrator, Laura O'Donnell, laura.odonnell@manchester.ac.uk.

Travel and Transport

All teaching takes place on the main campuses of UoM and ManMet. The sites are within easy reach of main rail, motorway and airport links.

Accommodation

University accommodation is scarce during the first semester so you will probably require private accommodation during your first year. Details about suitable accommodation options are available on the MAHSE portal.

MAHSE Portal

The portal is for all trainees at Manchester and has further details about each programme. To register on the site go to:

<https://portal.mahse.co.uk>, enter the password mahse18, then click on the register button (top right of screen) to create an account. Under STP student registration click the *sign up button*, then complete the required details and click to *register my account*. Please note this registration is for the online forum only. You will still be required to complete a separate University registration process.
